Prof. George Larcos FRACP, DDU, MPH, FAANMS  
Details: [www.snig.com.au](http://www.snig.com.au)

### In this special issue:

- **Illawarra Nuclear Imaging** to provide a comprehensive **Nuclear Medicine Service** at the new **Wollongong Private Hospital, 362 Crown Street, Wollongong**, commencing in January 2016.
- **Annual Doctors' Dinner**. Please expect your invitations to arrive very soon. The venue will once again be **Seacliff Restaurant** located at **16 Cliff Rd, North Wollongong**. The date this year will be **Friday the 27th of November 2015** (6:30pm for 7pm).

### Wollongong Private Hospital

We are delighted to announce that **Southern Nuclear Imaging (Illawarra Nuclear Imaging)** will be providing a comprehensive **nuclear medicine** service on level 7 of the new **Wollongong Private Hospital**. We will use this opportunity to continue our corporate mission; See: <http://www.snig.com.au/company/about-us.aspx> and our commitment to:

*"being the foremost provider of diagnostic imaging services, where the highest quality of service is supported by leading edge technology, education and teamwork".*

We will work in close collaboration with our Radiology colleagues from **Dr Glenn and Partners Medical Imaging** to ensure that all of your diagnostic medical imaging needs are fulfilled at the highest level of quality.

### Annual Doctors' Dinner

This year's dinner will provide an opportunity to once again catch up with your medical colleagues in a relaxed and friendly environment. Phil and the staff of Illawarra Nuclear Imaging and Southern Nuclear Imaging Group will ensure that you are well catered for and that you enjoy not only the food, company and the views but also some very fine, carefully selected, wines.

You can also meet the **Radiology providers** who will be moving into **Wollongong Private Hospital**. The Radiologists from **Dr Glenn and Partners Medical Imaging** are committed, in close collaboration with **Southern Nuclear Imaging** and fellow service providers, to providing the best possible service and outcomes for your patients.

Southern Nuclear Imaging Group (SNIG) has provided the highest quality nuclear medicine diagnostic and therapeutic services and Bone Mineral Densitometry continuously since 1985. SNIG Practices regularly upgrade equipment and facilities to guarantee "State of the Art" nuclear medicine practise. The Principals and staff look forward to continuing to provide the highest standard of individualised personal care to your patients into the future.

Our experienced Physicians and staff are: *"Your Experts in Nuclear Medicine"*

- ✓ Same day service
